

**ANNUAL ASBESTOS NOTIFICATION  
LIVONIA PUBLIC SCHOOLS**

**2017 - 2018 SCHOOL YEAR**

---

In accordance with Section 763.84 of the Asbestos Hazard Emergency Response Act (AHERA), or the "Asbestos in Schools Rule," Livonia Public Schools is notifying employees and building occupants, or their legal guardians, of activities conducted within the past school year involving the asbestos inspections, response actions, and post-response action activities, including re-inspection and periodic surveillance activities, that are planned or in progress at School District facilities.

During the upcoming school year (**2017 - 2018**), Livonia Public Schools has planned the following activities related to asbestos-containing materials throughout the school district:

*Six Month Periodic Surveillances:* Six month periodic surveillances will be completed every six months and continue on a regular six month schedule. The next scheduled round will occur in **November 2017** and **May 2018**.

*Asbestos Abatement Projects - Scheduled:* As of the beginning of the school year, no asbestos abatement projects have been scheduled at any district buildings. If necessary to support renovations, asbestos abatement will be completed in accordance with all state and federal regulations by trained and accredited personnel.

During the previous school year (**2016 - 2017**), Livonia Public Schools completed the following activities related to asbestos-containing materials throughout the School District:

*Three Year Re-inspections:* The EPA requires that each school district re-inspect all known and assumed asbestos-containing materials once every three years. The three year re-inspection activities for all Livonia Public Schools' facilities were completed in **November 2016**. The next three year re-inspection will occur in **November 2019**.

*Six Month Periodic Surveillances:* Six month periodic surveillance activities were completed in **May 2017**.

*Asbestos Abatement Projects - Completed:* To support building renovations, asbestos abatement projects took place at: Churchill High School, Frost Elementary, Garfield Elementary and Randolph Elementary during the 2016-2017 school year.

AHERA Management Plans are available for review in each school building office or at the Livonia Public Schools Maintenance Building (15125 Farmington Road, Livonia, Michigan). Summaries for all of the asbestos abatement projects conducted prior to the 2017-2018 school year are located in the AHERA Management Plans, while complete documentation is maintained in the Maintenance Building.

Questions regarding the asbestos program for Livonia Public Schools may be addressed to the Administrator of Facilities and Operations, Mr. Harry Lau (734) 744-2511 during business hours.
